

PUBLIC NOTICE

LAUNCH OF 25-YEAR TREASURY BOND

The Bank of Tanzania on behalf of the Government of the United Republic of Tanzania is announcing the launch of 25-year Treasury bond on Wednesday, 21st April 2021. The bond is an addition to the existing Treasury bond maturities issued by the Government.

The introduction of the 25-year Treasury bond is a continuation of Government efforts to lengthen the maturity profile of domestic debt, develop the country's financial markets, raise funds for long term development projects and provide an anchor for other market instruments such as mortgage financing and corporate bonds.

The 25-year Treasury bond will have the following main features:

1. Fixed coupon of 15.95 percent.
2. Interest payable semi-annually.
3. Exempt from withholding tax.
4. Listed at the Dar es Salaam Stock Exchange.

The prospectus describing the terms and conditions, and detailed information will be published prior to the issuance of the Treasury bond.
